WATER RIGHTS
SALT LAKE

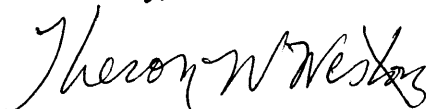

Dear Bob,

Since our conversation on the phone and as you suggested I looked up the following claim numbers that would fall under Kent Johnson and his interest in Meadowville Creek starting at the Mattson Diversion. The following claim numbers are the ones I looked up in the water books and followed through from the Mattson Diversion. These claim numbers come under the name of Harold Johnson. The claim numbers are 1181, Page 579, 833 page 564, 2570 page 569.. Bob, I don't have any problem with any of these claim numbers they all follow through from the Mattson diversion to the end of my ground or my last diversion.

With my claim number

The Triple M Ranch (Mattson) claim number that Kent claims are as follows, Starting at the Mattson Diversion on Meadowville Creek, 831 page 568, 834 page 564, 835 page 581, 1159 page 573, 1185 page 582, 1334 page 571 I did have a problem following claim number 1332 page 566 an interest of 1/40, it's diversion is below the Mattson diversion and above the sacred Ditch. I think this would be on Linda Willis ground but I don't know where the Diversion is. I've followed through with the rest of his claim numbers and they come down through with mine to the Mattson or the last Diversion so I'm convince that he has a right to the water and I'll let it pass on through unless you think there is something else he has to do to verify his ownership of the water. If I don't hear anything from you I'll let him use the ditch on the east side of my meadow.

Sincerely,

Theron W. Weston
